

12 October 2021

Dear Parents/Carers

As you may be aware, we have been informed that the end of Key Stage 2 assessments (SATs) will be going ahead during the week beginning **Monday 9 May 2022**. As a school we believe that it is essential that our Year 6 children receive a broad and balanced curriculum during their final year with us therefore we ensure that all curriculum subjects are taught as usual throughout the year.

In order to support and prepare your child, we will be carrying out a series of mock SAT tests during the autumn and spring terms. These tests will be completed in a small group setting, in a familiar room and with a familiar adult to ensure that the children are as comfortable as possible when completing the tests. This is our general practice during SATs week too. The first mock SATs week will be the week beginning Monday 29 November. These results are purely to support teacher assessment but if we do have any concerns, Mrs Warren or Miss Stephenson will share this information with you.

After Christmas, you will be invited to an information session where you will find out more in-depth information. Details of this meeting will be confirmed at a later date. If you would like to purchase a SATs maths and English revision guide from us to support your child at home, please log onto Eduspot to purchase or contact karenturland@lobleyhillprimary.org.uk for further information. Both guides are £2 each.

Yours faithfully

Andrew Beattie
