

## The Little Orange Book

Expert advice on helping Babies and young children when they are poorly.

The Little Orange book is focused on acute illness in young children and helps parents and carers to recognise and then respond appropriately to a range of diseases, illness and conditions as well as signposting parents to the most appropriate services should they need further support. It also will tell you if children can be in school or not.

You can scan the QR code below to view a copy of the Little Orange Book online.
