

Friday Challenge – 17 June 2022

Our school emails were down for a few days this week so I might have missed some photos that have been sent in. I have received some which have been brilliant to see, thank you! There have been lots of different activities such as balancing at the park, jumping on a pogo stick and also yoga and press ups in the garden. I've really enjoyed hearing about all of your challenges, I'm definitely going to try some of them at home too!

This week, can you challenge someone at home? You might want to think of a challenge together or decide on one each. Once you've decided then it's time to carry out the challenge! Are there any rules? How many times will you decide to play? Is there a way to win or is it just for fun?

Please keep sending them in or sharing them at school. 😊
