Home Learning Bags

7 October 2025

Dear Parent/Carer

We are very excited to share with you the '**Home Learning Bags**', developed for Nursery through to Year 2, to promote children's catch up through a strong home-school partnership. The bags contain typical resources your child uses daily within school in their learning. We hope that you will use these resources at home too to accelerate your child's progress. In addition, in the case of any bubble closure or future school closure, the resources will be used in our school teaching videos shared daily for your child's home learning. So many of our children enjoy playing 'schools' so hopefully they will learn through showing you how they use the resources.

It is our intention the bags will be used for future year groups for many years to come. The average cost of each bag is £25.00 and school will not have funding to replace these if they are lost. We have made up 240 of these to enable 60 children per year group to benefit. With this in mind, we will be asking you to 'sign-out' the bag for your child with reassurance from you it will be well looked after and returned, in full, to school in July 2024, ready for the following year group to use. Each bag will be numbered so we know who has each bag and a complete list of resources can be found inside the bag so you can keep track of what it should contain.

Please follow the link below for you to complete to acknowledge you will take responsibility for the 'Home Learning Bag' your child has been allocated.

We hope you and your child have lots of fun learning at home. If you complete the attached form, the packs will be given to children. <https://forms.office.com/e/2FvWvCqjfH>

Yours faithfully

L Wood-Williams
