

In EYFS we use a system called Evidence Me that will allow us to share what your child is doing in school.

With Parent Share in Evidence Me you will be able to:

- View observations via the app or web suite, showing you what your child has been learning and the new skills they are developing.
- Send us your comments and feedback by simply adding them to the reports which will help our staff to support your child more effectively in the classroom.
- Upload things that your child has done outside of school that you think the teacher would like to see.

What will happen next

You will have received an email from noreply@evidence.me asking you to confirm that you would like to participate. Make sure you check your spam/junk inbox as sometimes emails can get lost in there.

Participation is optional, but we really recommend getting involved. If you have any questions or need any additional information, please contact the school directly.

We look forward to supporting you and your child and are always striving to provide the highest standard of education possible.

Please visit <http://help.evidence.me/parent-share/help-for-parents/> for further information and guidance.

Other Opportunities to find out about my child's development

Each term there will be a parent consultation meeting for a face-to-face meeting about your child and their development. We hope to share some experience more regularly at drop-off and pick-up times as well as through the Home Learning/Reading Journal and Parent Share on the EvidenceMe app. We will be making additional observations and have daily reflection meetings after school to talk about the children's interests and next steps for their learning. Should you have any concerns please contact your child's teacher via email to arrange an appointment to discuss these further.
